Listening Transcribing 1

- 1) We're supposed to fill this form in by ourselves
- 2) but I'm sure it's okay if we chat about it first
- 3) So - there are 10 questions and we've got to tick numbers 1 to 5 for each question.
- 4) Five means really good. One is bad.
- 5) Question number one: 'Was the course well organised?'
- 6) We'll give that a five, agree? Yep! No question about that!
- 7) What does question 2 mean, though: 'Was the teacher flexible?' Is it good to be flexible?
- 8) Well, that means 'was the teacher very strict?'
- 9) Or maybe she gave you more time to complete your assignment.
- 10) So for that question we should give her a five. She always gave us an extra day
- 11) And she wanted to know our opinions on things. We had great discussions.
- 12) What about this one: 'Was the teacher friendly and encouraging?'
- 13) I'm not sure about that. She was friendly to some students,
- 14) but I think she had a problem with Mike and Alex, who were usually late.
- 15) She did get a bit irritated with them sometimes.
- 16) Yeah, we weren't too happy about them either, though.
- 17) I know it was a bit early, with classes starting at 8.30,
- 18) but you choose if you want to sign up to them or not, so that's no excuse really.
- 19) Yeah, they could have taken the evening classes
- 20) if they didn't want to wake up early in the morning.
